

Inspired by and credit given to the Mason Mutual masterdoc of resources

All this stuff should be included with full time tuition, though if you do like the creative stuff you might have to like pay for your own paint brushes or something idk

READ THE RULES FOR EVERYTHING also keep in mind a decent amount of this stuff is found from Mason's websites but a lot of them are out of date/poorly kept up

Also this is designed with Fairfax students in mind but there's some stuff for a few other campuses
